

## ABOUT US

Anthropos India Foundation (AIF) is a trust registered in Delhi since October 2011. Anthropology is one of the most vibrant and fascinating subjects. Anthropology deals with communities both big and small and people from all walks of life. It engages in solving various social issues of communities by furthering understanding from an 'emic' perspective and respecting the local cultures and ecology. The philosophy, theories, concepts and methods of anthropology have made notable contributions in every field, be it law, human rights, public health, education and child rights. The aim of AIF is to promote the discipline of anthropology, its philosophy and methods. It also aims to conduct anthropological research; applied, visual and action research.

Childhood matters and the experiences of childhood play an important role in the making of an adult. The impact of childhood experiences will decide the personalities, attitudes, and actions of future adults. The current situation is grim because crimes against children are on the rise. Child rights are violated every second in this vast country.

To have a safe, healthy and happy childhood is every child's right. This digital magazine aims to make humble efforts to disseminate the knowledge and information related to child rights and child protection. We are releasing the digital magazine "CHILDHOOD MATTERS" for the well-being of children to bring a positive impact on society. The methodology and approach of the digital magazine is participatory, where all the stakeholders will be involved: children, parents, teachers, child welfare activists, child protection professionals and all those who are concerned about children. Each one of us can contribute to this digital magazine, in the form of poems, stories, illustrations, paintings, podcasts, short films, images and many other forms of expression.

We attempt to take into consideration the existence of multiple childhoods along with specific circumstances of children shaped by the intersection of caste, class, gender, ethnicity, religion and other specific context. We shall keep the diversity of children in mind and come up with meaningful, useful, and impactful content. This is a small effort to bring a small change by the AIF team to make childhood a better experience.
